

NEWS RELEASE

Teijin to Participate in Intertextile Shanghai Apparel Fabrics

Tokyo, Japan, March 9, 2016 --- Teijin Group announced today that [Nantong Teijin Co., Ltd.](#), the group's textile manufacturing and sales company based in Nantong, China, would exhibit a range of high-performance fabrics and environmentally friendly solutions during Intertextile Shanghai Apparel Fabrics – Spring Edition 2016. The show will be held at the National Exhibition and Convention Center in Shanghai from March 16 to 18.

The Nantong Teijin booth (Hall 8-1, Stand B68) will present a variety of Teijin items targeted at Chinese markets for sports and casual fashions and garments made of thin-to medium-thickness fabrics, including the following materials and solutions, and more:

- Microft®, a moisture-permeable, water-repellent fabric produced with functional, high-quality microfiber. The exhibit will highlight the laminated version, which combines soft texture with enhanced waterproof properties up to water pressure of 10,000 mm or greater.
- A large assortment of stretch pants, a strategic category for Nantong Teijin.
- Highly advanced chemically-recycled polyester fiber.
- Solotex®, a polytrimethylene terephthalate fiber that is highly soft, stretchable, shape-retaining and durable. As Solotex® is partially bio-derived, it also helps to conserve fossil resources.

About the Teijin Group
