NEWS RELEASE

Teijin to Exhibit at IE Expo 2016

Tokyo, Japan, April 28, 2016 --- The [Teijin Group](#) announced today that it will exhibit at [IE Expo](#), Asia's leading environmental trade show, which will take place at the [Shanghai New International Expo Center](#) from May 5 to 7. Teijin's booth will highlight how its eco-friendly technologies can support measures to protect and improve the environment in China.

The Teijin Group booth (hall N-4, booth 4369) will focus on solutions for energy savings, environmental-pollutant reduction and recycling, showcasing the Group's long years of experience and material know-how.

- Reducing environmental pollutants

The booth will introduce Teijin Group's integral solutions for pollution control, such as flue gas pollutant denitration/desulfurization technologies, bag filters using high-performance fibers and water purification treatment technologies.

- Promoting an eco-friendly lifestyle

The booth will introduce solutions for energy savings and environment protection that leverage the group's high-performance materials and technologies, such as Reftel[®] transparent heat-insulating film, MIRAIM[™] high-performance membranes, ECO CIRCLE[®] polyester recycling, road-heating technologies and a decorative film that can be used as a substitution for plating and painting.

IE Expo attracted 1,100 exhibitors from 26 countries last year and expects 1,200 this year.
